## Joseph H. Hagedorn to Speak at Rally

Community Affair Saturday to  
Conclude Week's  
Program.

## SCHOOL EVENTS TODAY

Narberth school girls will provide a rich entertainment for this Friday afternoon. Beginning at 3.30 in Elm Hall, the program will include a Dress Review, in which the girls will wear in parade costumes designed and made by themselves as a part of their regular school work. This will be followed by the operetta, "Florinda," which was presented with such success on last Saturday night, when the pupils entertained the Mothers' Council at the school. The operetta will be given at the school instead of Elm Hall as was previously announced. Mothers and fathers, and brothers and sisters, who have not seen this charming little operetta—as well as many of those who saw it at its first performance—will want to attend this program.

Saturday night's meeting will bring to its culmination the whole Better Homes program, with a rally at which "The Home and the Community" will be the dominant theme. Besides music and other special features, including several dance numbers by Miss Juliet Shaw, of Narberth, there will be the distribution of prize awards for the many contests that have been under way for weeks.

Burgess Henry A. Frye will speak at this meeting, and a fifteen-minute inspirational address will be given by Joseph H. Hagedorn, of Philadelphia, who, in addition to membership in the Board of Directors of the Philadelphia Forum, the Bureau of Municipal Research, the City Club, and many other civic organizations, is known as one of the city's most active and public-spirited citizens in promoting every cause affecting living conditions, working conditions and the social welfare. Mr. Hagedorn, while still a young man, retired from active business and for a dozen years has given himself wholly to public welfare movements.

Not the least interesting part of the evening's program will be two-minute talks to be given by representatives of Narberth's organizations, public and private, that have co-operated in Better Homes Week. This enterprise has enlisted every organization in the borough, and Saturday night's meeting will be a fitting close to a truly remarkable co-operative achievement.

## Junior High Gymnasts Give Clever Program

Pupils Perform to Advantage in  
Several New  
Specialties.

## SIX INSTRUCTORS ASSIST

Lower Merion Junior High School pupils presented one of the most interesting gym exhibitions in the history of the school last Friday evening at the school auditorium. Miss Marjorie Huff and Elmer Unger, in charge of physical education in the Junior High School, were assisted in special numbers by Miss Elizabeth Filler, Miss Caroline Schell, A. Todd Coronway and Russell McGrath. These specialties included Indian club drill, sponsored by Mr. Coronway; the archery contest, sponsored by Miss Filler and Mr. McGrath, and fencing tactics, sponsored by Miss Schell.

The usual mass drills were given with a different manner of presentation, and sandwiched in between were a series of dances given by the girls' gym classes.

Elizabeth Meggie did some unusual stunts on the parallel bars, the mats and the spring board. She was assisted by Arlene Dill, Carolyn Goldsmith, Joseph Leidy, William Ferguson, Donald Newcomb, Leonard Kurtz, Conrad Wickham, Robert Scott, Guy Mosteller, John Joyce, Robert Groves, Howard Whitney, Max Vleck, Walter Cheuning, David Quick, Hewlett Payne, Richard Beck, Joseph Baker and Lachman Rinehart.

On the horizontal bar Joseph Leidy, Richard Beck, Joe Baker, William Ferguson, Connie Wickham, Lachman Rinehart and Mr. Unger performed some exciting feats. Herbert Thomas and Arlene Dill climaxed the work on the horizontal bar with a revolving ladder stunt with the lights out and flares attached to the ladder. It was very effective.

## L. M. and Narberth Committee Plan Extensive Boy Week Program

Boy Week will be held in Lower Merion Township and Narberth Borough from April 27 to May 4 with the purpose of interesting everyone in boys and to interest boys in themselves. It is being organized under the auspices of the Main Line Boy Council. The directors of the council are:

Edward A. Carlson, president; Henry L. Reinhold, Jr., first vice president; Harry C. Bare, second vice president; Frank H. Elmore, third vice president; J. A. Kaldenbacher, treasurer; H. A. Buehler, secretary; George A. Mahl, chairman, Ardmore and vicinity; Frank H. Elmore, chairman, Bala-Cynwyd and vicinity; Dr. Philip Bishop, chairman, Bryn Mawr; Walton M. Wentz, chairman, Narberth; H. J. Mosteller, chairman, Gladwyne; Roscoe T. Anthony, chairman, publicity.

On Saturday, April 27, there will be a local "Mummers' Parade" for all Main Line boys starting at 10 A. M.

The music will be by Lower Merion Senior High School Band. Parade forms at Merion Field, Haverford College, Lancaster Pike and College Avenue. Line of march on Lancaster Avenue, through Ardmore to Church Road, then turn right to disband. The reviewing stand is to be at Lower Merion Township Building, Ardmore. First prize, \$10; second prize, \$5—best decorated float, fancy dressed group, best decorated automobile. First prize, silver cup; second prize, silver cup—most original individual costume, most comical individual costume. Special prizes donated by Mr. D. F. Donohoe: A scout lamp or knife for smallest scout in parade, a pair of bicycle tires for best decorated bicycle, a pair of bicycle tires for best kept bicycle—to be judged by Mr. Donohoe after the parade has disbanded. General chairman, W. B. Richards, 273 Montgomery Avenue; marshal, Bala-Cynwyd, John Stine, Jr., 317 Kent

## Maroon Nine Wins One and Loses Two

Victory Over West Chester Fol-  
lows One-Run De-  
feats.

## FIFTH IN LEAGUE RACE

After losing two tough battles in the Suburban League last week Lower Merion's Senior High School baseball team crashed through for a 7-5 victory Tuesday afternoon. This belated victory came at the expense of West Chester's representatives in the league, and was a hard-fought set to until the final inning. West Chester outlived Lower Merion 12 to 8, but the opposing pitcher was extra generous in handing out free tickets to first base.

This victory over West Chester was doubly welcome on the Main Line as the local team just lost two league games. However, the umpiring in Norristown was responsible for one defeat. Norristown's nine and Coach Fishburn and his players deserve lots of credit for their sportsmanship and for their winning ways, but anyone fair-minded will say that they had a ball game given to them by poor officiating last Thursday. To make more clear the story, one man was permitted to run several feet out of the baseline all the way to first base and be called safe, the umpire's answer being that there were no baselines on that diamond. Also a man was permitted to run home and score while time had been declared out by the umpire and the umpire admitted that he had called time out.

Norristown won the game in the eleventh by a score of 4 to 3, and it was a great game all the way. Keith Parks held his opponents to eight hits.

At Chester Lower Merion was outlived again, 8 to 7, and lost the game, 8 to 6. An error by First Baseman Taylor in a crucial moment allowed two runs to score. Charles Haskell hit a two-bagger and a triple and Henry Gane came through with some good hitting. Albert Tate caught his first full game for the high school and secured a single. Lower Merion is in fifth place in the league.

## Theatre Scene of Boys' Week Religious Service

A mass meeting and song service in connection with the observance of Boy Week will be held in the Narberth Theatre Sunday afternoon at 4 o'clock. Special music will be furnished by the Harmony Trumpeters of Philadelphia. Addresses will be delivered by Rev. Harold F. Carr, Director of the Wesley Foundation, University of Pennsylvania, and pastor of the Asbury University Church, Philadelphia, and by the Rev. Robert F. Hayes, rector of St. Margaret's Church, Narberth. The service will be in charge of the Rev. Samuel MacAdams and the other ministers of the town will assist.

It is hoped that the fathers, mothers, sisters, older brothers, aunts, uncles and cousins of the boys will attend this service and make it a memorable one.

An event of social importance will be the cricket match between Haverford College and the British Officers' C. C. next Saturday at Haverford.

## Philippine Day to Be Observed Here

Seek to Complete Eradication of  
Leprosy Begun by Leon-  
ard Wood.

## NAME LOCAL COMMITTEE

More than two thousand communities in the United States have responded to the recent request of the trustees of the Leonard Wood Memorial for the Eradication of Leprosy, to observe May 1 as Philippine Day. The purpose of this is to complete the \$2,000,000 fund asked for by the late Governor General, Leonard Wood, with which to carry on scientific research work among the lepers in the Philippines.

Carl B. Metzger has been appointed chairman of the local committee entrusted with the task of raising Narberth's quota. Serving on the committee are the following: William D. Smedley, J. W. Darville, Edward S. Haws, John S. Ketcham, Charles V. Noel, Henry A. Frye, E. P. Dold, Robert M. Cameron, Daniel Leitch, W. S. Howard, J. J. Cabrey, Charles E. Kremer, Mrs. J. W. Darville, Mrs. E. C. Town, Mrs. E. C. Griswold and Mrs. F. T. Van Auker.

It was the belief of Governor Wood that it would be possible to eradicate leprosy in the Philippine islands and would have a very great effect towards that end throughout the entire world if adequate funds were available for the scientific study of the disease.

Commenting on the interest being shown in the project, General James G. Harbord, national chairman of the fund and chairman of the board of

## 4000 Girl Scouts in Pageant May 25

Main Line Maidens Will Dance  
Minuet at the  
Palestra.

What the Girl Scouts of Philadelphia and surrounding districts do in their spare time will be answered on May 25 at the Palestra in Philadelphia, in a combination of folk dances and songs, called "The Romance of Philadelphia." Four thousand scouts are expected to take part, with some rising to the position of star.

District No. 8, of which the Main Line is a part, will dance the "Minuet," "Selling's Round," an old English folk dance, and the "International Dance," a folk dance of various nations, each in its own particular costume.

The entire production is in charge of Miss Oleda Schrottky, National Head of Dramatics, whose headquarters are in New York, and this insures perfection in every detail.

This is the largest exhibition ever attempted by the Girl Scouts and it is hoped that all those who have ever been interested in Girl Scouting will come on May 25 to the Palestra.

Mrs. Horace B. Hare, of Radnor, heads the list of patronesses. Tickets may be had from any scout or from headquarters, 311 South Juniper Street, or District No. 8 Headquarters, 25 East Athens Avenue, Ardmore.

## Musical Program for Tonight Is Tempting

Recital by Family Orchestra to  
Be of Unusual  
Interest.

## IS AT ELM HALL AT 8 P. M.

Music lovers, including those who are having the usual difficulty in making music seem more than a chore to the younger and more active members of their households, are looking forward to tonight's concert-recital, on the Better Homes Week program, presented by the "Hollandia Symphony," the unique musical organization of the Van De Wall family, of Allentown. This organization, which makes its first public appearance in Narberth, under the leadership of the head of the family, Dr. Willem Van De Wall, has arranged a lively and interesting program in four parts.

First will come several numbers arranged for "percussion orchestra," followed by a group of folk-songs and classical numbers, arranged for small symphony orchestra. The third part of the program will introduce the Choral Society, along with the orchestra, and the final section of the program presents the "Allentonian Jazzers." Solos, duets, ensemble numbers are interspersed in the program. The astonishing variety of performance is indicated by the following outline, forwarded by Professor Van De Wall, of the personnel of the family orchestra, and the instruments each plays:

Minny (aged 10)—Violin, drum, triangle, castagnets, "carpet-sweeper." Blanca (aged 12)—Violin, glockenspiel, rinkelstick, drumsticks, organ and Chinese drum.

Roelof (aged 14)—Clarinet, drum, triangle, tambourin, organ, bells, "sink brush."

Wasili (aged 16)—Bugle, trombone, organ, cymbals, mouthorgan, castagnets, tambourine.

Mother—Xylophone, organ, bells, mandola.

Father—Triangle, piano.

A number of surprise numbers are also said to be in store.

The recital will be preceded by a fifteen-minute talk by Dr. Van De Wall, describing somewhat the development of this unique organization, and suggesting some of the ways in which music can be made an attractive and constructive factor in family life. Dr. Van De Wall is internationally known as a musical artist and especially as an exponent of music as a social and spiritual force, in the education and re-education of children and adults. He is at present conducting regular courses of lectures at Columbia University, New York, and is also giving most of his time to developing musical work in Pennsylvania's State Institutions for defectives and delinquents. Children will be welcomed to this meeting, and will enjoy it, but they are invited to attend only if accompanied by parents or other adults.

## Lower Merion Girls Champion Swimmers

Relay Team Smashes Own  
League Records by  
3 Seconds.

Lower Merion High Girls' swimming team defeated Upper Darby, 48-20, last Friday at the Ardmore "Y" pool and clinched the championship of the Delaware County Scholastic Tank League. Radnor High girls finished second, Haverford High, 1928 titleholders, third, and Upper Darby, fourth, in the final standings.

Miss Hazel Palmer won the 20-yard free style race, the crawl event for form, the 20-yard back stroke race and swam anchor on the winning relay team, which covered the eighty yards in 58 seconds, establishing a new record for the Ardmore "Y" pool.

The relay team, Ruth Wilbur, Dot Gimber, Elizabeth Goldsmith and Miss Palmer, broke its own record of 1 minute 1 1-5 seconds made two weeks ago in a meet with Haverford High.

Christine Mahl was the winner of the back stroke for form event for Lower Merion. Her teammate, "Bunny" Holt, came in second.

Marcia Leety, a sophomore at Upper Darby, gave that team its lone first place, winning the form event in the side stroke. Diane Pugh, Ruth Wilbur, Mildred Evans and Captain Dorothy Gimber won places for the championship team.

## New School Director

Kenneth L. M. Pray, of 310 Woodside, who was elected to the Narberth School Board at its April meeting last Friday. Mr. Pray is a social worker in Philadelphia and succeeds Colonel I. A. Miller on the board.

## K. L. M. Pray Elected New School Director

Fills Gap Made by Col. I. A.  
Miller's Recent  
Resignation.

## ACTIVE SOCIAL WORKER

Kenneth L. M. Pray, of 310 Woodside Avenue, a resident of Narberth for four and a half years, took his seat as a member of the Narberth School Board at the April meeting of that body last Friday. Mr. Pray succeeds Colonel I. A. Miller, the board's president for three years, whose resignation at the March meeting created considerable surprise.

Mr. Pray has been actively interested in social work in Philadelphia for many years, and is at present the director of the Pennsylvania School for Social and Health Work, a training school for social and health workers. He is a graduate of the University of Wisconsin, Class of 1907. At one time Mr. Pray was an executive of the Public Charities Association of Pennsylvania, and he has also served four years on the board of the State Industrial Home for Women at Muncy, Pa. The new school director has also had four years' experience in newspaper work on The Philadelphia Record.

With the exception of the job of vice chairman of the recently formed Citizens' Committee, this is Mr. Pray's first official connection with borough affairs.

## Prizes to Be Given Local Hobby Contest Winner

April 27 to May 4 as everyone knows is the biggest week in the year for boys—Boy Week. It consists of all sorts of contests, and one of the best is the hobby contest. Anything which a boy has made, collected or assembled may be entered. Manual training articles, stamp collections, mineral collections, butterfly collections, knot boards, model airplanes and many other articles are eligible.

The hobby contest in Narberth is being superintended by Thomas W. Merkle, who is working to have the best display in the Lower Merion district. All articles and collections will be displayed in the windows of the Narberth Hardware Company the entire week. All articles to be entered in the contest should be taken to Mr. Merkle at the store as soon as possible so that the display will be complete throughout the week. The articles will be removed by the boys on Friday, May 3, to the Lower Merion High School for final judging and the awarding of prizes on Saturday, May 4.

There is a prize offered by Mr. Merkle for the best article or collection displayed in the Narberth district. The prize will be a \$2.50 pearl-handled official Scout Knife, which may be seen on display with the articles for judging by several of the business men of Narberth.

It is hoped that the boys of this community will give the contest and Mr. Merkle whole-hearted support.

## To Hold Bake Sale

A home bake, baked goods from "Better Homes," will be held this Saturday by the Women's Association of the Baptist Church at 235 Haverford Avenue beginning at 9.30 A. M.

## School Board Cuts Per Capita Tax

Reduction of \$2 Made in Head  
Levy; 19-Mill Rate  
Restored.

## BUDGET WAS ADOPTED

A two-dollar cut was made in the per capita School Tax by the Narberth School Board at its April meeting on Friday night, making the new levy \$3 instead of \$5. On the heels of this reduction the Board restored the school tax rate to 19 mills, an increase of one mill over last year. The reduction made in the per capita tax, however, will more than offset the slight increase from the 19-mill rate, and will result in a noticeable saving to taxpayers.

The Board reluctantly accepted the resignation of Colonel I. A. Miller, who submitted it to the Board at the March meeting. In selecting his successor the Board tried to be guided by public opinion in the matter and unanimously elected K. L. M. Pray to the post.

All positions at the school, the Board announces, have been filled with the exception of the third grade teacher and the newly-created position of director of physical education. Several applications have been received for this latter post, but no action has been taken as yet.

The School Board has set June 14 as the closing date for the school year, and announces that May 30 shall be a holiday.

The budget for the next fiscal year beginning July 1, 1929, was adopted at the meeting as reported by the Finance Committee.

The June meeting of the School Board, the last until fall, will be held on June 7 so as to fall before the closing of the schools for the year.

## 'Last-Minute' Contest

To accommodate children who wished to exhibit articles at the Community Building in connection with Better Homes Week, the committee arranged a "Last-Minute" contest for these late entries. This last contest closes Saturday morning at 10 A. M. A prize of one dollar will be given for the best article made by a child in this last-minute contest. Entries may be made with Mrs. Clifford Bates or Mrs. E. H. Cockrill.

## Baseball Squad Holds Practice Session

Large Field Reports to Manager  
Davis in Opening  
Trials.

## SEASON OPENS MAY 18

The first workout of the season was held last Saturday by the Narberth Baseball Club with Manager Gene Davis at the helm. From the looks of things this year will see many new faces in the line-up, but with perhaps as large a number of Narberth boys as heretofore.

Among the candidates reporting for duty were Mickey Burns, a former Narberth player and one of the outstanding catchers in this section; Talbot, of the Elks' pitching staff last season; George Babb, one of last year's moundsmen; Yocum, Stewart, Powell, Martin, Blessing, Gallegher, Heckel, Parkes and Burgess.

Some of the younger members of last year's squad will not be available until June: Gillespie, Masters and Harris being occupied at Villanova, Pennsylvania and Lehigh, respectively.

Bob Gilfillan, one of the stars of the 1928, crew, will in all probability hold down his berth again at the keystone sack. Humphries, the veteran of many successful campaigns, will be seen in action again at the hot corner. In George and Vernon Fleck, Manager Davis has his outfield problem two-thirds solved.

According to reports from managerial quarters, those failing to make the grade with the regulars may play with the Junior Club being organized. If they play there warrants, they may later be drafted for the regulars.

An earnest endeavor is being made this year to use strictly "home talent" on the team and this idea is being stressed by officials of the Main Line League. Stricter eligibility rules will also be enforced this year by the league.

# BUILD! REMODEL! REPAIR!

NOW is the time for all good men to come to the aid of their buildings. If you've made the plans, dig in and get busy. If your building has already been up several years, see if it doesn't need a little attention here and there.

Remember: "A stitch in time saves nine." A few dollars on remodeling or repairs now will save a much greater bill later on. The firms whose ads appear below qualify in every respect to serve you promptly, thoroughly, economically.

## WHY EXPERIMENT

When 17 years of experience is at your disposal? Work well done is pleasing, economical and a good investment.

## FOR FELLOWSHIP

To the Editor of "Our Town":

I am a member of the younger set of Narberth and would like to arrange a way in which all strangers, particularly those of the younger set, can get acquainted.

Now on May 3 and 4 there is a play to be given at the firehouse, otherwise known as Elm Hall, and would like to see as many of the younger set as possible come and see this show. I myself will be at this show with a number of my friends and am going to do everything possible to see that every one gets acquainted. This is no business letter, but just a little idea to get the younger set of Narberth to come in contact with each other, as this is the only way that I know of.

Hoping that those who would like to get acquainted and have a good younger set amongst us Narberthians will heed this letter.

(Signed) BIG FAMILY.

## SO THEY SAY

Independence of mind is no more common now than it was five hundred or five thousand years ago. The majority of human beings still clamor for shepherds to drive them, teachers to tell them what to do, philosophers to think for them, saviors to relieve them of their responsibility.—Aldous Huxley.

The belief in immortality cannot be squared with modern scientific facts.—Harry Elmer Barnes.

If I have learned one thing during forty-eight years of pilgrimage on earth it is this—that what human beings utter as an expression of their conscious thought rarely corresponds to vital truth.—Count Hermann Keyserling.

When people tell you there is more drinking now than there was before prohibition they simply do not know what they are talking about.—Irving Fischer.

It is my deliberate opinion that the control which we have gained over the causes of sickness and of premature death constitutes the most important single advance by the American people in the last fifty years.—Louis I. Dublin.

First Prize, \$25  
Second Prize, \$15  
Third Prize, \$10  
Fourth Prize, \$5

100 Additional Valuable Prizes

The contest is open to boys between the ages of 10 and 18. Every boy has an opportunity to win.

Prizes will be awarded to those boys who write the best reasons why they believe a business talk with their fathers, along the lines mentioned in our booklet, "Be His Pal," would be good for them. If you have not yet received this booklet and entry blank, which will help you win your prize, write TIFFT, LAYER & COMPANY, INC., 127-129 South Fifth Street, Philadelphia, Pa., for them.

The article may be written on the back of the contest blank enclosed in the booklet or you may write it on a separate sheet of paper if you have lost the blank.

The article should not contain more than 300 words. Write plainly your name, address and age. The judges of the contest will be announced later.

The contest closes at midnight, Saturday, May 18, 1929. Winners will be announced shortly after the contest closes and the winners will also be notified personally.

Points of  
Great Importance  
in the Selection of  
Buckwheat Coal

1. Low ash content.
2. Careful preparation at the mines.
3. High fusion point.

All Coal should be selected carefully, but Buckwheat especially, because Buckwheat is used either in a Spencer Heater, or with forced draft by Blower equipment, or with the Electric Furnace Man,—where the ash, preparation, and fusion point are major considerations in producing the desired results,—namely, uniform heat, absence of clinkers and low operating cost.

Jeddo-Highland Buckwheat meets all these requirements as is shown by the following analysis:

## Merion Title & Trust Re-Elects Officers

**R. J. Hamilton Chosen President 14th Time; Add Directorship.**

### DIVIDENDS DECLARED

Richard J. Hamilton, of Ardmore, for the last fourteen years president of the Merion Title & Trust Company, was re-elected head of the Main Line institution at the annual reorganization meeting of the board of directors held Monday night. All other officers were also re-elected.

Addition of one member to the board of the bank was authorized by the stockholders at their annual meeting held Monday afternoon when an amendment to the by-laws, increasing the number of directors from fifteen to sixteen, was approved. The new director has not yet been named.

Five directors whose terms had expired were re-elected by the stockholders. They are: John S. Arndt, Frank H. Mahan, J. Randall Williams, John Lewis Evans and David E. Williams, Jr.

A regular quarterly dividend of 4 per cent. and an extra dividend of 4 per cent., payable May 1 to stockholders of record of April 23, were declared by the board of directors. Extra dividends of 4 per cent. have been declared at this period of the year for the last several years.

A report showing the condition of the bank to be excellent was made to the stockholders by Daniel Leitch, treasurer.

In addition to Mr. Hamilton and Mr. Leitch, the officers re-elected are: Herbert A. Arnold, M. D.; Murdoch P. Clancy, Horatio L. Yocum, Harry C. Bare, vice presidents; Horace W. Smedley, secretary; David W. Charles, George W. Super, Robert J. Boyd, William H. Fowler, John W. Murray, assistant treasurers; Daniel J. Kennedy, title officer; Louis D. Peterson, trust officer and assistant secretary; Arthur V. Grant and Horace Entriiken, assistant title officers; A. Alfred Johnson, assistant trust officer, and William J. Curry, auditor.

## Gather on Wednesday

The regular monthly meeting of the Evangel Circle of King's Daughters will be held Wednesday, May 1, at the home of Mrs. H. L. Parks, 507 Rock Avon Road. A large attendance is desired. The Circle is beginning the reading of the Book of Exodus. The password for roll call is "hear."

### Our Error

Coal prices are low in April, 'tis true, but not quite as low as one might assume from the ad of J. J. Skelton & Son in last week's issue. Through a typographical error the price of Buckwheat coal was given as \$7.40 per ton, whereas it should have read \$7.50.

### FINANCIAL NOTICE

At the regular meeting of the Board of Directors of the Merion Title & Trust Company, held April 22, 1929, the regular quarterly dividend of 4 per cent. and an extra dividend of 4 per cent. was declared, payable May 1, 1929, to stockholders of record April 23, 1929. Checks will be mailed.

DANIEL LEITCH,  
Treasurer.

## Well-Placed CONFIDENCE!

IN INSTITUTING the new Checking Account Plan, the undersigned banks expressed their confidence that the people of the Main Line would readily understand its value and thoroughly appreciate its purpose.

THAT confidence was well placed! A great majority of our depositors have already built their accounts to where they average \$100 in daily balances and are not only enjoying the peace of mind which a substantial financial reserve brings, but express satisfaction in knowing that their account is earning its own way.

AN AVERAGE daily balance of \$100 does not mean that you must have \$100 in the bank each day. Suppose, for instance, you had deposited \$225 on the first day of the month. If you withdrew it all during the month at reasonable rates, your balance would still be over \$100. Whenever it falls below that amount it will be necessary to add a \$1.00 carrying charge to partially cover the expense of handling.

WE WISH to thank our depositors for their co-operation in building their accounts up, and congratulate them on the spirit of fairness with which they have interpreted the new Plan.

(STARTING May 1st, 1929, a Carrying Charge of \$1.00 will be applied to accounts of less than \$100 in average daily balances.)

### \*An Explanation of "Average Daily Balance"

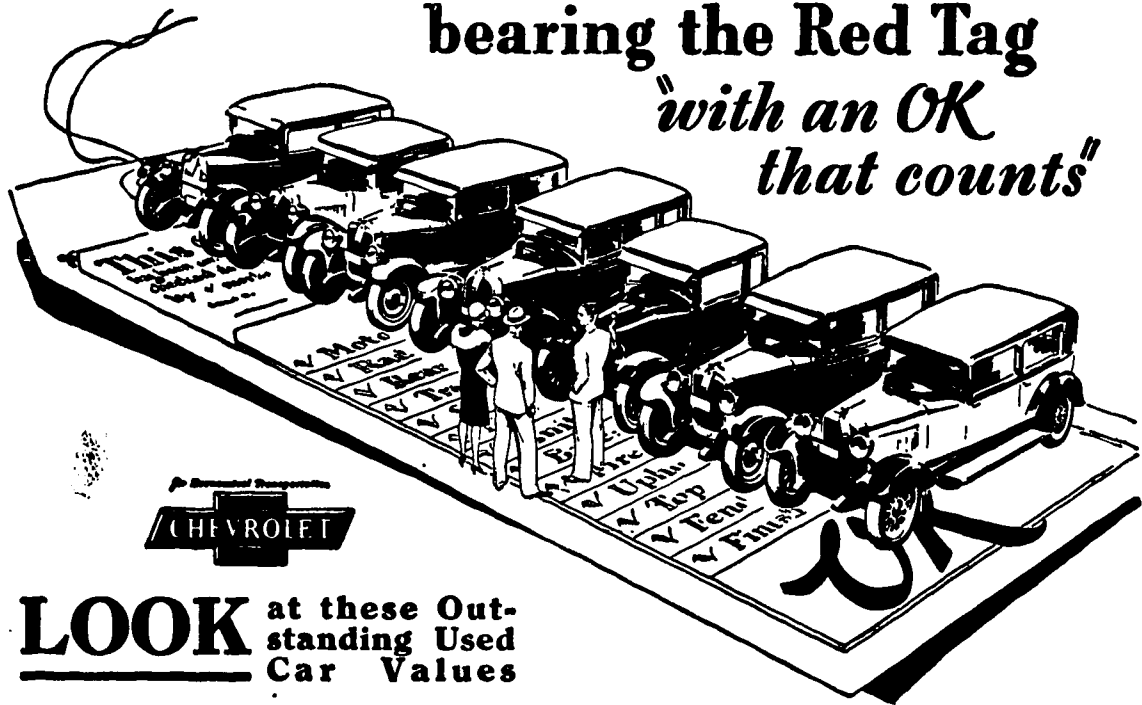

An average daily balance of \$100 does not mean that you must have \$100 in the bank each day. If, for instance, you deposit \$225 on the first day of the month and check it out, by reasonable stages, by the end of the month—your checking account will average \$100 in daily balances.

UNTIL you have driven the new Nash "400" with the Twin Ignition motor, you can have no adequate idea of how much pleasure it has added to motoring.

Here are some plain, unvarnished facts and figures which may serve to convince you that you owe yourself a ride in a Twin-Ignition-Motored Nash.

With Twin Ignition instead of single ignition (two spark plugs per cylinder firing simultaneously, instead of one)

higher compression is practical, and a much more efficient combustion of the gases is accomplished.

The result is that the identical Nash motor, by actual test, produces 22% more power than with single ignition, 5 miles per hour more speed, and gives you 2 extra miles of travel from every single gallon of gasoline you buy.

In fairness to yourself, don't think of buying any motor car today, until you have seen and driven the brilliant new Twin-Ignition-Motored Nash "400."

### THE TREE Poplars

By Dr. Walter Steckbeck

Shade trees of towns and cities are not all equally desirable; in fact, some, even though very common, are decidedly undesirable. In the latter class the poplars may be placed, and this is especially true of the commonest species—the cottonwood or Carolina poplar. Poplars are commonly planted because of rapid growth, giving a quick effect, and because they are able to withstand the smoke and drought conditions of the city. The fast growth is really a point against the poplars for they soon become too tall and spreading for surrounding property, and the wood being extremely soft and brittle the trees frequently break in wind storms. In many cases they are entirely uprooted not being deep-rooted trees. Probably the greatest objection to poplars is the frequent entrance of the roots into water and sewer pipes. In the eager search for moisture poplar roots will go long distance in the grounds, growing not only in the usual downward direction, but also in a horizontal line for many feet. After entering the joints of the pipes the fine rootlets branch and re-branch and in a short time completely impede the flow of water. Here is where the plumber enters the picture. The willows, first cousins to the poplars, are equally serious offenders in this respect. Contrary to popular belief, practically no other trees are undesirable from this standpoint. The poplars give a touch of color and novelty to the early spring. As early as the first week of March one may expect the flowers of the white poplar; the second week is the average. The white poplar is followed in ten or twelve days by the blossoms of the Carolina; a few days later the Lombardy may be expected; the balsam poplar still later.

The Carolina poplar (*Populus deltoides*) or cottonwood is seen frequently in our town. Large specimens may be found along North Narberth avenue. The species name—*deltoides*—indicates the triangular, or delta-like leaves. The flowers are produced in hanging spikes called catkins. These "catkins" litter the pavements and streets a few days after the spikes have elongated. Like other species of poplars, the staminate (male) and pistillate (female) flowers are produced on different trees. Very few pistillate are seen along our streets. Several fine specimens may be found near Iona avenue and Montgomery avenue. The seeds are covered with cotton-like hairs and are readily carried by the wind. The cottonwood is found practically everywhere east of the Rockies.

The Lombardy or Italian poplar (*Populus nigra* var. *italica*) with its slender, spire-like form and rigidly erect branches may be readily recognized. Frequently it is planted as a wind break or as a background for other plants. Look along Iona avenue or Lantwyn lane, or a number of other places in Narberth for this tree.

The white or silver poplar (*Populus alba*) with its smooth whitish-green bark and silvery-white under side of the leaves, may be separated easily from the other species of poplars. This form develops large spreading, broad heads, which is characteristically different from the others. The white poplar is not often seen as a street tree.

The balsam poplar (*Populus balsamifera*) also called the balm of Gilead and tacamahac is another native species, going north to the headwaters of the Mackenzie River where it reaches its best. It is quite desirable—for a poplar. The buds are covered with resinous secretion hence the common name, balsam poplar. The darker green foliage as compared with the Carolina make it a more attractive tree than the latter species. The quaking aspen (*Populus tremuloides*) is found occasionally in our range. The tulip tree (*Liriodendron tulipifera*) is often erroneously called a poplar, or tulip poplar, but is in no way related to the true poplars. This is a close relative of the magnolias and is much more valuable than the poplars. The tulip tree becomes too large as a street

tree. A few of this species are to be found in Narberth. Unfortunately, an insect pest is making a serious attack on this, one of the grandest of our native trees, and threatens its destruction.

### Offer 104 Prizes in

#### 'Be His Pal' Contest

"Your boy's great ambition is to be a man as soon as possible and to do a man's work, as his father is doing. A wise father can use this tendency to instill in his boy the fundamentals of honesty, courage and business ethics. . . . Such was the declaration this week of a Merion father, who has devised for his two sons, and for other boys as well, a unique plan for father-and-son co-operation. "Why the Be His Pal plan would be good for me" is the title of an essay contest which will commence tomorrow, the opening day of Main Line Boy Week, and will end Saturday midnight, May 18. In order to compete for 104 prizes, it is required that Lower Merion and Narberth boys between the ages of 10 and 18 write letters of no more than three hundred words, stating why they think it is a good thing to get in the habit of talking over business matters with Dad. Booklets explaining the contest are being distributed to Main Line boys this week and next week, and may also be obtained by writing to Tift, Lyster & Company, whose advertisement appears elsewhere in this paper.

The awards will consist of a \$25 first prize, a \$15 second, \$10 third, \$5 fourth and one hundred additional valuable prizes. Announcement of names of winners will be made and prizes awarded the week after Saturday, May 18, when the contest will close.

HOW DO YOU BUY YOUR GROCERIES?  
"Why, Mrs. Smith, you surely do not carry home groceries these days when you can have them delivered to your door." I admitted I did and that I preferred to see what I was getting, and that I paid cash for the goods I bought, and that I considered that I got better treatment by showing the merchants that we were independent and could buy anywhere.  
But Mrs. Johnson, the insurance man's wife, who was talking to me, again laughed and said: "Mary, you are a goose. Don't you know the way is over? You don't have to make a pack horse out of yourself in these days." She called over to Mrs. Lawton, the doctor's wife, and asked: "How do you buy your groceries, Sarah?" "Why, either from Mr. Jones or else at the store of Shasta & Rudolph by telephone." But how do you know that the stuff will be all right and that they won't charge you two or three prices for everything that you buy, and how do you pay for them?  
"Why, my dear Mrs. Smith, when you deal with good merchants you do not have to worry as to whether your goods will be right or not; that is his business, and if you are a regular customer they will do almost anything to retain your business; and as for paying, we do that at the end of the week or month by check. I never would have the time nor the patience to run around every day or so buying a few articles of food for my table. Why, it really is foolish, and when I get the bills for the goods I check them over and I find that my grocer keeps his prices pretty much on the same level as others, and that often I see goods on the bill at less money than I had expected to pay.  
"So, now, Tom, I must have more time to prepare these meals for you, and I also want a little more leisure time myself, so I want you to go down and open an account at Mr. Jones' and have them put my name on his telephone list, like he has Mrs. Johnson and Mrs. Lawton, and then he takes all that worry and responsibility off of my hands and leaves me free to go ahead and get my work done in plenty of time without steaming and fretting myself into a nervous stew. There, now, what have you got to say, Tommy boy?"  
"Well, I'll be doggone, that's all I got to say, only that I think you are dead right. Why should you lug all that stuff home? We are as good as any of those folks. I'll go down to see Mr. Jones in the morning, and I am glad that some one has put us next to the blindness that chain-store ads and propaganda had thrown over us for all this time. It makes me mad to think of it—they made me make a pack mule out of my wife so that they can save the cost of delivery and so pile up more profits on their swelling surplus. Well, I have my eyes open at last, you bet!"

trustees, said:

"There is a rising tide of sympathy for lepers at this time. To a surprising degree public sentiment has changed for the better during the last few years. The insane fear of leprosy and the callous disregard of its victims has given way to level-headed, efficient plans to bring the scourge under control.

"Over \$1,000,000 has been secured for the Leonard Wood Memorial Fund since Governor Wood made his appeal, and one of the interesting facts is that many contributors are doubling their previous gifts or adding substantial amounts to them for the purpose of completing the fund."

The President of the United States has addressed an appeal to the entire country in these words:

Honorable Henry L. Stimson, Secretary of State,

Washington, D. C.  
I wish to express my sympathetic interest in the Leonard Wood Memorial for the eradication of leprosy and to commend this great humanitarian effort now being made in the Philippines by your organization. The accomplishment of the aim of the Leonard Wood Memorial is in the highest degree commendable, and is not only a fitting monument to one of our noblest citizens, but a means of expressing a spirit of real helpfulness towards the Filipino people, and eventually to the world through the eradication of the ravages of this dread disease.

(Signed) HERBERT HOOVER.  
One million dollars is yet needed to complete the plans now under way. The individual assistance of every citizen will be deeply appreciated. Checks should be made payable to the Narberth National Bank or to the Leonard Wood Memorial, and sent or left at the Narberth National Bank or given to any one on the committee.
